Refreshing Bath & Shower Gel.

- Formulated with extracts and perfumes of your choice as well as moisturizing and conditioning agents
- In addition to being pH balanced, the product also contains super fattening agents that alleviate drying of the skin

Moisturizing Body Lotion.

- A soft moisturizing base enriched with oils and extracts that is suitable for all skin types
- Specially formulated to nourish and hydrate the skin leaving it soft, smooth and refreshed

Hair Conditioner.

- Specially formulated with active agents and proteins to soften the hair after washing.
- It adds shine to all types of hair

Conditioning Shampoo.

- A highly nourishing and conditioning shampoo, formulated with cleaning and conditioning agents.
- A gentle shampoo based on mild cleansers, specially formulated for all types of hair, leaving a lasting silky and good feel to the hair.

Palm Noodle Soaps

- We produce and co-create together with you, accommodating your needs as far as possible
- Sizes ranging from 20grams to 150grams
- Select colours and perfumes that fits your needs
- Only the finest grades of noodles are used. This give the right balance of lather, rate of wear, cleaning ability and hardness
- As palm-based noodles are of vegetable origins, they are acceptable to all religions
- All raw material are tested for consistency on receipt
- All base formulations are sent to the micro-laboratories for testing
- Raw material are purchased from suppliers that have the relevant SABS and ISO accreditations
- Each product is individually checked for appearance and leakage before being packed
